

Authentic Traditional Italian Kitchen: Pasta & Artisan Pizza

Classic Regional Recipes from Rome, Naples, and Tuscany

Classic Roman Spaghetti alla Carbonara

Ingredients: 400g bronze-cut spaghetti, 200g cured Guanciale, 4 fresh organic egg yolks + 1 whole egg, 80g freshly grated Pecorino Romano DOP, freshly cracked whole black peppercorns, sea salt for pasta water.

Culinary Preparation Steps

1. Slice the guanciale into thick strips and crisp slowly in a cold skillet over medium-low heat until golden and rendered. 2. Whisk the egg yolks with grated Pecorino and cracked black pepper into a silky paste. 3. Boil spaghetti in lightly salted water until al dente. 4. Toss pasta into the pan with rendered guanciale fat, remove from heat, and quickly fold in the egg mixture with starchy pasta water to create a creamy emulsified sauce.

Neapolitan 72-Hour Fermented Pizza Dough

Ingredients: 1000g Tipo 00 flour, 650ml chilled water (65% hydration), 3g fresh brewer yeast, 28g fine sea salt. Knead gently for 15 minutes, perform stretch-and-folds every 30 minutes, and ferment in the refrigerator for 72 hours for maximum airiness and digestible gluten structure.

Baking & Serving Tips

Bake on a preheated pizza stone or wood-fired oven at 450°C (850°F) for 90 seconds until the cornicione (crust) puffs with leopard spotting. Garnish with fresh San Marzano tomatoes, buffalo mozzarella, and fresh basil leaves.
